## CENTRAL EXCISES

New Delhi, the 24th November 1956

**S.R.O. 2748.**—In pursuance of rule 233 of the Central Excise Rules, 1944, the Central Board of Revenue hereby issues the following supplementary instructions which shall be observed for claiming refund of duty on tobacco contents of biris exported outside India.

1. The grant of refund of excise duty on tobacco contents of biris exported out of India will be subject to the following conditions.

2. *Who may export.*—The exporter must be the manufacturer.

3. *Who can claim refund.*—If the exporter himself has a licensed bonded warehouse and clears the tobacco for manufacture of biris for export, he can himself obtain the refund. If the manufacturer of biris for export obtains tobacco direct from another licensee's warehouse duly cleared under an application in Form A.R. 1, he shall obtain from the warehouse licensee, the relative A.R. 1 application under which the tobacco was originally cleared from the warehouse and produce it to the Range Officer of the Range in which the factory or principal place of business is situated for purposes of check. The licensee of the warehouse of clearance shall at the same time be required to obtain from his Range Officer a certificate in the following form for purposes of record before the relative A.R. 1 is handed over to the manufacturer.

"Certified that a consignment of ————— packages of biris tobacco weighing in all ————— Lbs. net was cleared from the warehouse L. 5. No. —————

Name of the licensee ————— of ————— Range under A.R. 1 No. ————— date ————— and consigned to L 2(T) No. ————— of ————— Range under T.P. 1 No. ————— date ————— for the manufacture of biris for export".

The exporter shall also at the same time produce a letter of authority from the warehouse licensee who originally paid the duty, authorising him to receive the refund of duty on tobacco contained in the biris.

4. *Manufacture of biris for export.*—The biris which are intended to be exported under claim of refund of duty on tobacco contents must be manufactured from tobacco brought into the factory from the bonded warehouse on A.R. 1. Separate A.R. 1 shall be filed for clearance of tobacco for this purpose, endorsed with the remark "for manufacture of biris for export". Tobacco after clearance shall be stored in separate premises or portion of premises demarcated from those used for storage of tobacco or manufacture of biris for internal consumption.

5. *Segregation of premises for export.*—In addition to storing separately all tobacco cleared from a warehouse for manufacturing biris meant for export, the manufacturer, if he also manufactures biris for internal consumption, must demarcate his premises to segregate all storehouses, rooms, sheds, etc., where biris intended for export and the tobacco meant for such manufacture are handled and otherwise retained. Packing, labelling and storage pending delivery of biris for export and such operations in respect of biris for the internal market must be carried out in separate portions of the principal factory. The operation of baking export biris must similarly be carried out in separate trays, distinctly marked to ensure segregation of such biris from biris intended for the internal market. The biris manufactured for the purpose of export should not ordinarily be diverted for internal consumption but if due to exceptional circumstances, it is necessary to divert for internal consumption a certain amount of biris manufactured for export, prior approval must be taken from the Assistant Collector and necessary particulars about such biris must be shown in the registers maintained by the licensees.

6. *Manufacture by contractors.*—Where the manufacture of biris for export is conducted through agents, contractors and outworkers, the manufacturer shall supply the names and addresses of all such agents, contractors and outworkers to the Circle Officer.

Tobacco for manufacture into biris for export must not be sent to any such agent or contractor at any time when he is in possession of tobacco for manufacture into biris for the internal market.

Transit notes under which tobacco is transferred to agents or contractors for manufacture into biris for export must be endorsed "for export biris". Similarly, the invoices or other documents under which the agent or contractor brings in the export biris to the manufacturer must be marked "manufactured for export".

If any agent or contractor is working for more than one manufacturer, he must keep separately all the tobacco obtained for manufacturing biris which are to be exported and separate accounts shall also be maintained of such biris.

7. *Prior declaration of brands and labels.*—The manufacturer must make a prior declaration to the Circle Officer of the labels under which biris for export are to be packed together with the manufacturing formula of the contents of biris relating to each separate label. The formula should show the quantity of tobacco used for the manufacture of one thousand biris. Cases, packages and cartons in which biris are packed for export must be legibly marked for export and must also bear a label showing the brand of biris contained in them. Each packet of biris must bear a label showing the name of the factory or the distinguishing mark which may take the form of a special design whereby the origin of the produce can be traced, the number of the manufacturer's licence in Form L. 2 and trade brand of the product. These particulars shall also be entered in column 14 of Form 'B' and column 4 of Form 'C' appended to these instructions.

A separate specimen of label shall be assigned to each item of manufacture represented by a different serial number in Form 'B'.

8. *Accounts.*—The manufacturer shall maintain an account of tobacco cleared for manufacture in biris for export and the biris made therefrom, in the appended forms A, B, & C. The Range Officer must, at least once in each month, check these accounts with (a) the relative application in Form A.R. 1, (b) the stocks of raw tobacco and (c) the stocks of biris, and endorse the results of each check on the relative account and on the application.

9. *Manufacturer's private accounts of biris made.*—The manufacturer's private accounts of tobacco used and biris manufactured, payments made, etc. shall be kept separately in respect of biris for export and for internal market. Such accounts, as also transit notes, invoices and other records relating to tobacco used and biris made for export, must be open to inspection and check by the Central Excise Officers who shall periodically, and in case of doubt, call for these records for checking with the accounts kept in Forms A, B and C.

10. *Declaration on export applications.*—In addition to the manufacturer's declaration of the manufacturing formula relating to the types of biris packed under each label given under paragraph 7 above, the exporter must make the following declarations in column 4 of the application in Form A.R. 4, separately for each size and variety of biris:—

- (ii) No. of packets X number of biris per packet = Total number of biris.

12. *Record of examination.*—The results of the checks carried out as required under paragraphs (9), and (10) above shall be endorsed on the application Form A.R. 4 as well as against the relative entry in Form 'C'.

13. *Grant of refund.*—Before the refund of duty on the tobacco contents of biris can be granted, the tobacco must be clearly identified as the tobacco on which duty has been paid under the documents, particulars of which are declared on the application in Form A.R. 4. In any case where such identity cannot be established satisfactorily the claim for refund is liable to be refused.

Refund on export shall not be payable on the tobacco contents of biris, whose market value at the time of export is less than the amount of refund claimed. The Range Officer shall ascertain the market value of the goods to be exported and give a certificate on the application form in A.R. 4 to the effect that the market value of the goods to be exported is not less than the amount of refund claimed.

**(TEA CONTROL)**

*New Delhi, the 20th November 1956*

**S.R.O. 2791.**—In exercise of the powers conferred by section 49 of the Tea Act, 1953 (29 of 1953), the Central Government hereby makes the following amendments in the Tea Rules, 1954, the same having been previously published as required by sub-section (1) of the said section, namely:—

For rule 30 of the said rules, the following rules shall be substituted, namely:—

**"30. Planting of Tea.**—(1) Any person desirous of planting tea on land not planted with tea shall apply to the Board in writing within such date as may from time to time be notified by the Board in this behalf and shall furnish such survey maps and other particulars as may be required.

(2) Subject to the limitations set out in section 13 of the Act, the Board may grant or refuse the permission applied for or may grant it in part only or may call for further information from the applicant.

(3) Permission for extension of cultivation shall not be granted to any estate if the permissible acreage of that estate exceeds 500 acres, without the previous sanction of the Central Government.

**30A. Grant of permission by the Board.**—(1) The Board may inspect or cause to be inspected any land in respect of which an application for permission to plant tea has been made and the records relating thereto for the purpose of satisfying itself as to the accuracy of any survey map and generally for the purpose of enabling it to dispose of the application.

(2) The Board may grant, in respect of each five-year period subsequent to the 31st day of March 1955, permission to plant tea on any land not planted with tea in the following manner:—

- (a) A tea estate whose permissible acreage at the commencement of each five-year period does not exceed 150 acres may be granted permission to extend its area by 40 per cent. of such permissible acreage:

Provided that the area for which such permission is granted to the tea estate shall not be less than 1 acre, and shall not exceed such acreage as will bring the total area of the tea estate to more than 188 acres.

- (b) A tea estate whose permissible acreage at the commencement of each five-year period exceeds 150 acres but does not exceed 300 acres may be granted permission to extend its area by 25% of such permissible acreage:

Provided that the area for which such permission is granted to the tea estate shall not exceed such acreage as will bring the total area of the tea estate to more than 330 acres.

- (c) A tea estate whose permissible acreage at the commencement of each five-year period exceeds three hundred acres but does not exceed 500 acres may be granted permission to extend its area by 10% of such permissible acreage:

- (d) Notwithstanding anything contained in clauses (a), (b) and (c), the acreage for which permission is granted to a tea estate to extend its tea area shall not exceed the acreage for which permission has been applied for by that tea estate.

**Explanation.**—In this rule “permissible acreage at the commencement of each five-year period” means the area of any land which could have been planted with tea at the commencement of each such period under the law then in force.

(3) (a) The Board may also grant permission to a person, not being the owner of a tea estate and not having large interest, directly or otherwise, in the management and ownership of a tea estate to plant tea on land not planted with tea, provided that the person proves to the satisfaction of the Board that—

- (i) he owns the land in respect of which permission to plant tea is applied for;
- (ii) he is able to finance the undertaking, including the erection of a factory where necessary; and
- (iii) the land is suitable for tea plantation as regards the nature of the soil and climatic conditions.

(b) The area of land in respect of which permission may be granted shall not exceed in any one case 150 acres where the applicant is an individual proprietor or a partnership and 300 acres where the applicant is a limited liability company.

(c) No permission shall be granted where in the opinion of the Board the area in respect of which permission has been applied for is, having regard to the circumstances of the case, too small for an economic plantation.

**Explanation 1.**—A company or firm the management or ownership of which is controlled by a person or persons already holding substantial interests in tea plantation shall be regarded as a person having large interest in the management or ownership of a tea estate.

**Explanation 2.**—A capital outlay of Rs. 1,000 per acre for plantation and Rs. 500 per acre for factory shall ordinarily be considered as the standard requirement of finance in respect of applications from ‘newcomers’ for areas exceeding 10 acres:

Provided that the applicant is able to show that he is in a position to command the necessary finance, permits shall be issued to the extent up to which finance can be commanded.

Applications from 'newcomers', who are genuine agriculturists, for an area not exceeding 10 acres shall, however, be exempted from the condition regarding production of evidence of financial ability.

(4) Every permit to plant tea shall specify the area of land in respect of which it has been granted and shall be in force for such period as may be specified by the Board in the permit:

Provided that any permit issued under these rules may be renewed from time to time as the Board thinks fit:

Provided further that notwithstanding anything contained in sub-rule (2), the Board may, if it thinks fit, cancel any permit issued to a tea estate, or any part of such permit remaining unutilised after a period of not less than three years from the date of issue and pool together all permits or parts thereof so cancelled under each of the acreage groups mentioned in clauses (a), (b) and (c) of sub-rule (2), and re-allot them to such tea estates in the respective acreage groups as had utilised in full the permits granted to them and had applied for further permits.

(5) No permit granted by the Board shall be transferable:

Provided that a permit granted to a tea estate may, with the previous permission of the Board, be transferred to another tea estate if both the estates are held under the same ownership.

(6) The owner of a tea estate to which permit is issued shall submit to the Tea Board, on the 31st March of each year, a return showing the acreage planted up to that date in pursuance of the permit, the reasons for non-utilisation of any acreage that may not have been planted, and the programme for planting tea for the next two years.

(7) The Indian Tea Licensing Committee (Tea New Planting) Rules, 1951 are hereby repealed but such repeal shall not affect the validity of any permit issued or any action taken under those rules."
